

**Ray Rothrock**  
**Chairman and CEO, RedSeal, Inc.**

Ray is presently Chairman and CEO of RedSeal, Inc. an enterprise cyber security company based in San Jose, CA.

In 2013 Ray transitioned to Partner Emeritus of Venrock, an early-stage tech investment partnership originally formed by the Rockefeller family. During his 25-year career at Venrock he invested in 53 early-stage technology companies. He led both the Internet and energy investment programs and was a member of the management committee for Venrock. His market leading cyber security investments included Check Point Software, Vontu, PGP, P-Cube, Imperva, CloudFlare, and Shape Security to name a few.

He is an active angel investor and serves on the boards of Check Point Software Technology (NASDAQ: CHKP), Roku, Inc. (NASDAQ: ROKU) and several private companies including Team8, Shape Security, Colabo, CTERA, Unbounded Tech, and TAE Technologies, a clean fusion energy company.

Ray has testified several times to Congress, the President's Blue-Ribbon Commission on America's Nuclear Future, and is an invited speaker on venture capital, startup companies, cyber security, nuclear energy, climate change, and energy policy in general.

Ray holds a BS in Nuclear Engineering, Summa Cum Laude, from Texas A & M University, a MS in Nuclear Engineering from the Massachusetts Institute of Technology, and an MBA with Distinction from the Harvard Business School.
